

IMPORTANT NOTE: MAKE SURE THAN YOU DON'T COPY/PASTE PICTURES. IF WE DO THAT THE PICTURE IS JUST A LINK TO THE LIVE & LEARN SITE. AFTER WE TAKE DOWN THAT SITE THE PICTURES WILL DISPLAY AS A BROKEN LINK.

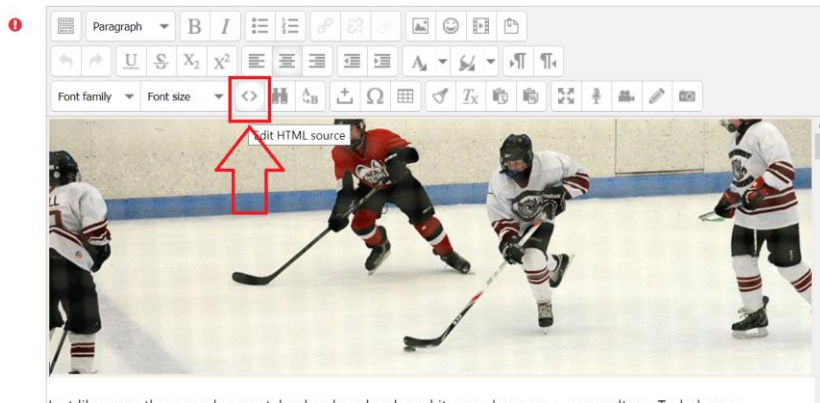

MAKE SURE THAT YOU UPLOAD THE PICTURES INTO THE NEW SITE.

HOW TO ADD ATTRIBUTIONS:

1. After you insert the picture, click on the HTML source icon (see image below)

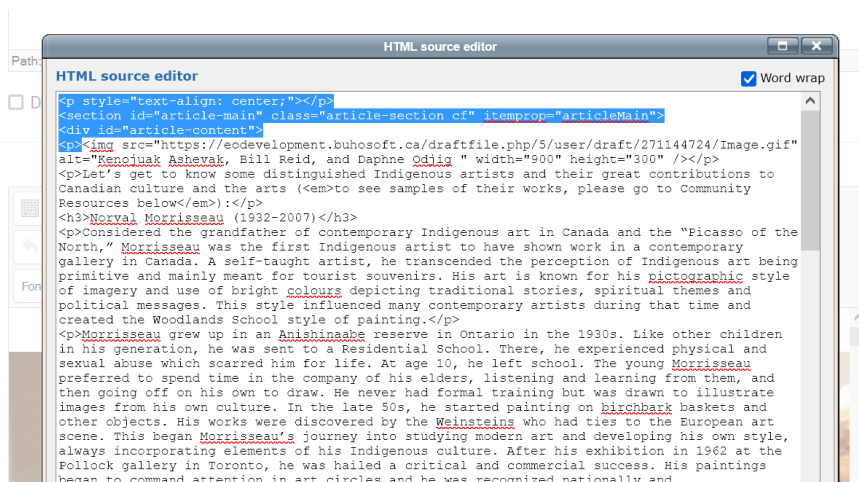

Content

Page content

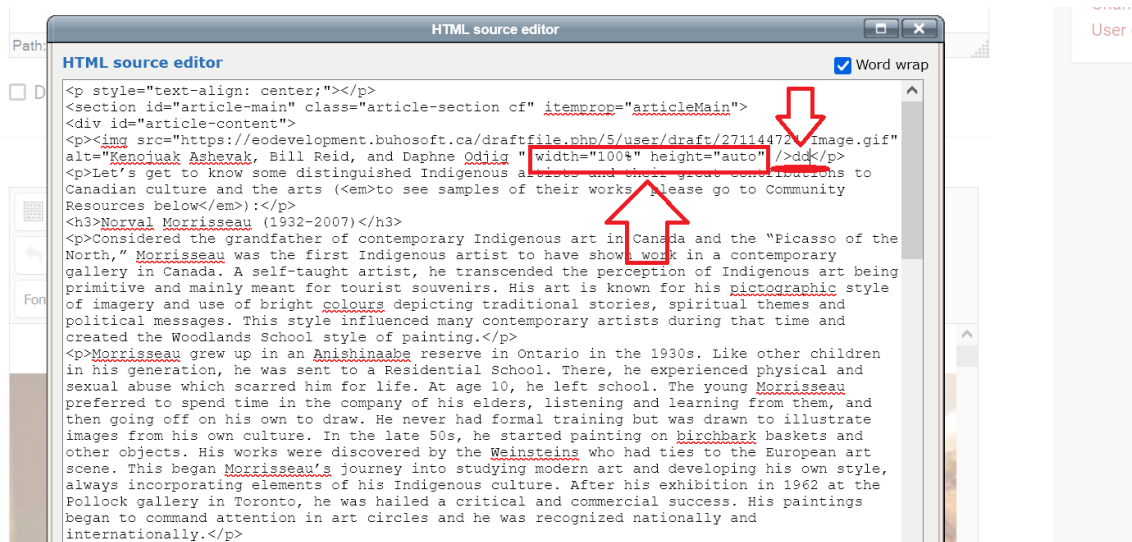

2. Insert the following code `<p style="text-align: center; background-color: #f3eee9; font: italic smaller sans-serif; padding: 3px;">` from the beginning of the page, overwriting the existing code, until you see: ``

c) Select the code that need to be removed (see image below) and then click paste or CTRL V

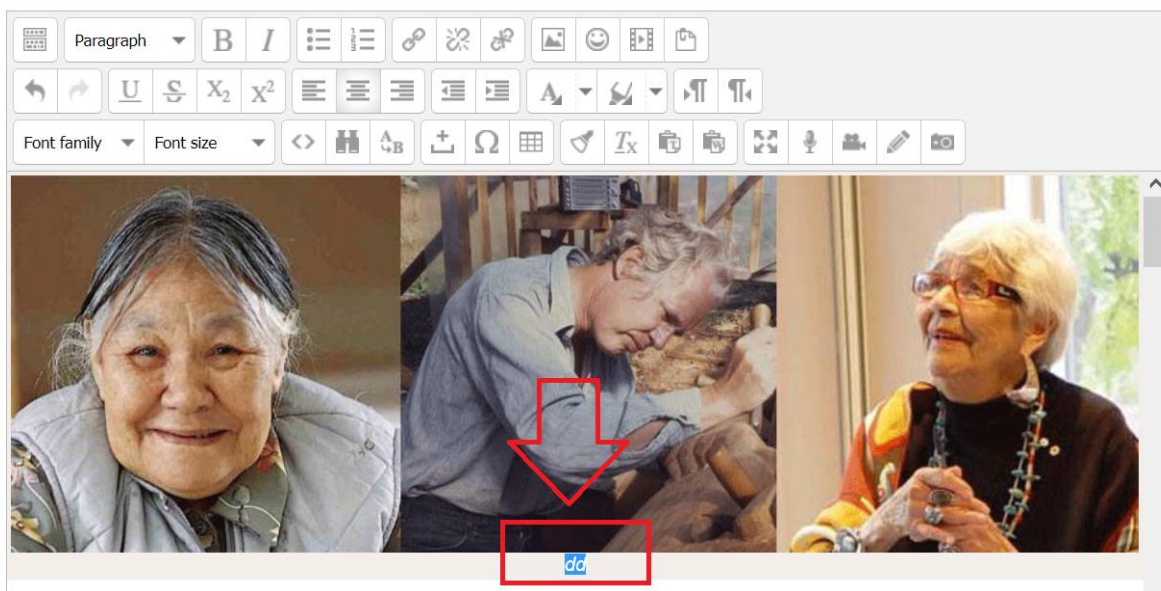

d) Then make sure that the size is correct `width="100%" height="auto"` if not, enter this values for width and height (see image below) After, add a letter or two, any letters at the end, before the paragraph end `</p>` to open space for the attribution.

e) Click "update"

3. Now you are back to the normal editor, copy the attribution from Live and learn page, highlight the letter that 2 letter that you add in the code and paste the attribution. (see image below)

4. If everything else is ok. Click "Save"
